Chester's Opens Another Dozen
12 new locations offering fried chicken concept

BIRMINGHAM, Ala. -- Chester's International, the leading fried chicken foodservice offering in the convenience store category, announces the grand opening of 12 new locations.

Each Chester's location will feature menu options including their double breaded chicken, potato wedges and signature sauces. They will also offer dine-in, carry-out and catering options.

"We are excited to be working with successful businesses like these," said Rick Davis, vice president of systems management for Chester's International. "It will be great to see these businesses grow with a successful franchise program, that will enable them to boost sales and maintain a quality product that customers will love."

Chester's newest locations can be found at:
